**When Michael Moore was born, the child died at birth and the placenta live on.
Enough Said.**

Newtown, specifically Sandy Hook listen up!

What happened on that fateful day was a national tragedy, we all cried with you and continue to feel your unbearable pain. You and your families are in our perpetual prayers and thoughts. To blame gun owners for the unthinkable criminal actions of an emotionally disturbed person is just plain wrong. We are part of the solution, not part of the problem. To hold gun owners responsible is a miscarriage of justice and our Legislatures know this. Time is of the essence to step up to the plate and do the right thing the entire world is watching.

THANK YOU!!!

Fraternally yours

Jimmy Ward
